

Hydrafacial™

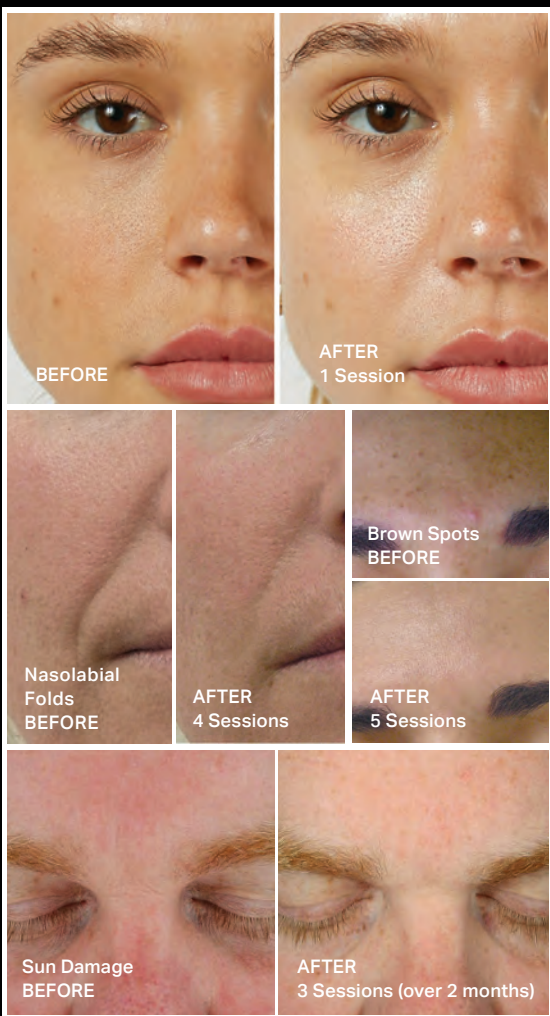

Everyone's Favorite
Skin Health Treatment

Discover Why...

Real Results

- Diminishes the look of fine lines and wrinkles
- Improves firmness and feel
- Smooths texture
- Evens skin tone

Individual results may vary

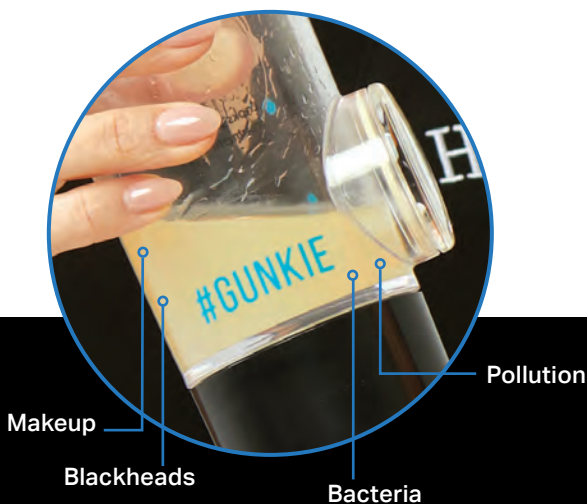

The Technology

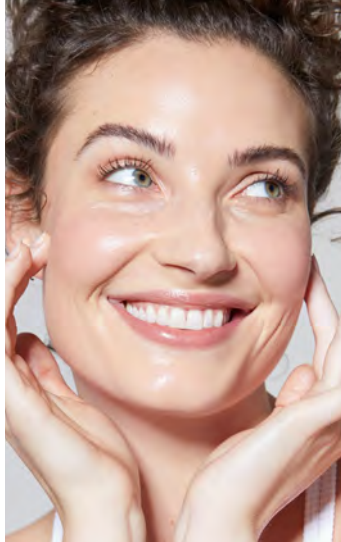

Patented Vortex-Fusion Technology works like a vacuum to open pores for easier, gentler extractions and more effective delivery of active ingredients. Every aspect of the treatment can be adjusted and personalized, including:

- The tips of the wand, for different levels of exfoliation
- The level of suction, based on extraction needs and skin sensitivity
- The nourishing boosters, formulated to address specific skin concerns

**See results instantly—
in the glow, and the gunkie jar!**

The Treatment

Every Hydrafacial starts with
3 essential steps:

○ **Cleanse**

Includes a gentle exfoliating peel

○ **Extract**

Uses painless gentle suction

○ **Hydrate**

Saturates skin with intense moisturizers

Then, you can choose additional ways to personalize:

Nourish

Boosters address specific skin concerns using exclusive, concentrated formulas by Hydrafacial and your favorite skincare brands

Rejuvenate

Professional strength LED Light Therapy addresses wrinkles and acne

Sculpt

Lymphatic therapy help lift, contour, and reduce puffiness
