

ASSESSMENT AND CONSULTATION

CME/CE INFORMATION

This activity is jointly provided by Global Education Group (Global) and Aesthetic Mentor.

Target Audience

The educational design of this activity addresses the needs of all healthcare professionals.

Statement of Need/Program Overview

The Assessment and Consultation activity provides an in-depth exploration of the principles, techniques, and considerations essential for conducting thorough assessments and consultations. This activity is designed to equip participants with the knowledge and skills necessary to perform comprehensive evaluations and provide informed guidance to clients seeking neurotoxin and dermal Filler procedures. This course aims to empower healthcare professionals with the necessary expertise to conduct comprehensive assessments and consultations. By combining theoretical foundations with practical application, participants will gain confidence in their abilities to deliver safe, effective, and client-centered treatments while prioritizing patient safety and satisfaction.

Program Agenda

1.0-hour OnDemand Online Activity

Educational Objectives

After completing this activity, the participant should be better able to:

- Describe the pan-facial assessment for cosmetic injections using neurotoxins
- Identify neurotoxin assessment tools to implement into practice
- Discuss how to integrate neurotoxin assessment techniques in patient consultations
- Describe neurotoxin consultation methods
- Explain how to implement consultation techniques into practice to provide safe and compliant neurotoxin treatments
- Discuss how to examine the patient to provide a clear, concise, and specific neurotoxin consultation
- Describe the pan-facial assessment for cosmetic injections using dermal fillers
- Identify dermal filler assessment tools to implement into practice
- Discuss how to integrate dermal filler assessment techniques into consultations
- Describe dermal filler consultation methods
- Explain how to implement consult techniques into practice to provide safe and compliant dermal filler treatments
- Discuss how to examine the dermal filler patient in order to provide a clear, concise, and specific consultation
